5 STAR REVIEWS FOR :THE MOTHER MOUNTAIN

This book is motivating to children!

I was excited to read this back to my class of second graders. They thought it was so cool that the characters first had the dream of climbing Mt. Everest as children. Then, as adults; they made their dream come true. It led to a great discussion about dreams that my second graders have. I believe that everyone of them will make these dreams come true. Two out of my 24 students said that they would like to climb Mt. Everest some day!

Great book!

This book is very inspirational and shows how you can achieve anything in life if you set your mind to it. I read this book with my nine year old daughter, and she loved it a lot as well. There is a great moral to the story. The artwork is very skillful.

AWESOME!

It's well written, inspirational and fun. I'm very impressed. I bought the hard copy so I could keep it on my bookshelf even though I had already bought and read the kindle version, it's that good.

This is a wonderful book that moves along easily as it entertains and inspires. If you are looking for motivation and inspiration from a ordinary man who accomplished extraordinary things, this is a must read!! Gives real life stories (which we can all relate to), and practical exercises to help you along the way. Thank you, Mitch, I Loved it!

AMAZING STORY!

This book knocked me down! Mitch was a very successful business man with a quiet personal life with no personal objectives or aspiration. This is an amazing story of a simple man who decided to take control of his personal future and started an amazing adventure! it is well written, it is intimate, i have learned so much from it, the lessons he learned and shared! **STRONGLY RECOMMENDED**

LOOKING FOR MOTIVATION?

I enjoyed Mitch's inspiring account of his transformation from couch potato to marathoner and mountain climber. This is an easy read in that Mitch's story-telling draws you in so that you don't want to put the book down. His twelve principles are straight-forward and practical - I've posted them in a couple of places for on-going motivation! Thank you Mitch for reminding me that I can do anything I put my mind to. I'm ready to read your story again.
